

Interior Doors and Windows: Recommended Materials

	Aluminum	Hollow Metal	Wood
Group 1 HQ, Command, ECFs, Chapels			
Group 2 Admin. Squad Ops, Community Support			
Group 3 Industrial and Flightline Operations			
Group 4 Family Housing			

Most Appropriate ←————→ Least Appropriate

General Notes:

1. Conduct a Life Cycle Cost Analysis: consider the cost of long-term maintenance and eventual replacement
2. Hollow metal doors may be solid or with glass lites
3. Solid wood and wood veneer doors and wood windows used in Groups 1 and 2 and not subjected to intense use and wearing
4. Wood core and composite core doors may be clad in metal, plastic laminate or rapidly renewable products such as bamboo
6. Consider Federal HPSB Guiding Principles green product procurement requirements
